WHY THIS MATTERS

MODULE D · INTRODUCTION

Why This Matters

As a Global Education Consultant, you will connect with parents from different countries every day. To schedule demos successfully, you must understand the parent's local time zone and communicate fees in the correct currency.

“ This ties directly into the demo-booking process — consultants need to match demo slots with the parent’s local time zone and confidently discuss pricing in the correct currency. ”

THE GOLDEN RULE

Slide 3

MODULE D · THE GOLDEN RULE

Always Check Local Time First

Countries such as the USA, Canada, and Australia have multiple time zones — never assume the time.

■ When unsure, Google is your best friend — quickly verify the local time and currency before speaking with the parent.
